

The structure of the manuscript should be organised as follows: title, author(s), affiliation(s), abstract, keywords, introduction, body text (the main text should include previous research on the subject, methodology and/or theoretical framework, results of the research, and discussion and interpretation of results obtained), acknowledgements (can be added if necessary), disclosure statement, references.

- The title of the manuscript should not exceed 15 words.
- Abstracts of 150 to 550 words are required for all manuscripts submitted.
- Each manuscript should have 6 to 10 keywords.
- Section headings should be concise and numbered sequentially, using a decimal system for subsections. Please note that Introduction, Conclusions and References should not be numbered.
- All authors of a manuscript should include their full names, affiliations (department, faculty, university, etc.). One author should be identified as the corresponding author. Please give the affiliation where the research was conducted. If any of the named co-authors moves affiliation during the peer review process, the new affiliation can be given as a footnote. Please note that no changes to affiliation can be made after the manuscript is accepted. Please note that the email address of the corresponding author will normally be displayed in the article PDF and the online article.
- All persons who have a reasonable claim to authorship must be named in the manuscript as co-authors; the corresponding author must be authorized by all co-authors to act as an agent on their behalf in all matters pertaining to publication of the manuscript, and the order of names should be agreed by all authors.
- People who contributed to the work should be listed in the Acknowledgments, along with their contributions. You must ensure that anyone named in the acknowledgments agrees to being named.

#### *A. Figures and tables*

- Please be sure that all imported tables and figures are at the appropriate resolution: 1200 dpi for line art, 600 dpi for grayscale and 300 dpi for colour.
- *If the size of the final file is too large (more than 10 MB), then the manuscript should contain the figures with minimised resolution, and the original figures must be provided in separate files (formats are indicated below).*

Figures and tables should follow the requirements:

Tables: font – Times New Roman 10 pt, line thickness – 0.5 pt, file formats – \*.doc, \*.docx. Photos and images: resolution – no less than 300 dpi, file formats – \*.jpg, \*.tiff, \*.gif, \*.png, \*.jpeg, \*.bmp, \*.svg.

Diagrams, charts and schemes: font – Times New Roman from 5 to 8 pt, line thickness – from 0.3 to 2 pt, file formats – \*.pdf, \*.eps, \*.cdr, \*.xls, \*.xlsx, \*.dwg. The width of figures and tables should be either 8 cm, or 14–16.5 cm.

All figures and tables must be placed and cited in the text in consecutive numerical order. They must be numbered in the order in which they appear in the manuscript (e.g. Fig. 1, Fig. 2). In multi-part figures, each part should be labelled (e.g. Fig. 1a, Fig. 1b).

The file name for a graphic should be descriptive of the graphic, e.g. Figure1, Figure2a, Table1, etc.

Tables (refer with: Table 1, Table 2, etc.) should be presented as part of the text and should be editable.

### ***B. Reference style***

Bhookampan uses the journal-specific style short reference system for citations in the text with a detailed alphabetical list at the end of the paper.

#### *Citations within the text*

Before submitting the manuscript, please check each citation in the text against the References and vice-versa to ensure that they match exactly. Citations in the text should be formatted as follows: Smith (1990) or (Smith 1990), Smith et al. (1998) or (Smith et al. 1998) and (Smith et al. 1998, 2000, Brock and Gunderson 2001, Felt 2006).

#### *References*

It is important to format the references properly because all references will be linked electronically as completely as possible to the papers cited. It is desirable to add a DOI (digital object identifier) number for either the full-text or title and abstract of the article as an addition to traditional volume and page numbers. If a DOI is lacking, it is recommended to add a link to any online source of an article.
